KASES Network Memo No. 28

TO: Staff, Division of Child Support Enforcement
All IV-D Agents

FROM: Steven L. Blank, Director *SLB*
Division of Child Support Enforcement

DATE: July 6, 1994

SUBJECT: KAMES DEFRA Issuance Reports

HR KIMI22 DEFRA ISSUANCE RPT-06 (KAMES Integration DEFRA Issuance Report) and HR KIMI23 DEFRA Issuance RPT-02 (KAMES Integration DEFRA Issuance) have been added to the Report Management and Distribution System (RMDS) on KASES. These reports provide a listing of all DEFRA payments written to payees eligible for a DEFRA payment as a result of collections received by the Division of Child Support Enforcement (DCSE). The RPT-06 displays each case individually while the RPT-02 is a master listing of all the payees receiving DEFRA payments.

The RPT-06 and RPT-02 are monthly reports and are updated the second working day of the month. Both reports are sorted by county code and worker number.

There are three versions of the RPT-06 and RPT-02. Each version contains three months DEFRA payment information. For example, the most current version dated 06/03/94 contains information for May, April and March. The second version dated 05/23/94 contains information for April, March and February. The third version dated 04/02/94 contains information for March, February and January.

Information for each case on RPT-06 is displayed on three screens on RMDS. The user must use the PF7 and PF8 options to scroll backward and forward to view all screens.

The first screen on the RPT-06 displays the payee name, social security number, and the current payment month, the month and year the payment was received by DCSE, and the total DEFRA payment. There may also be other payments listed for prior month DEFRA posted in current month. The second screen displays two prior month's payment amounts. The third screen displays a message if a case has been on KASES less than four months.

Network Memo No. 28

Page two

The RPT-02 displays the payee name, social security number, and a three month history of DEFRA payments disbursed to the payee. There may also be other payments listed for prior month DEFRA posted in current month. In these instances, the month and year will be listed under the social security number and the DEFRA amount will be listed under the current month DEFRA amount.

The first month KAMES issues a DEFRA payment on a particular case, the only information contained on RMDS for that case is the current month's DEFRA payment. The prior two months have an asterisk instead of a dollar amount. This advises the user the AFDC case has been on KAMES for less than four months. A message appears at the bottom of the page of the RPT-06 and RPT-02 telling the user to check the payment history on other system (i.e., Program 62).

Non-KASES counties must look at DEFRA payment information on the PT-06 and PTR-02 which are issued from the Child Support System (CSS). With the exception of cases transferred from KASES counties, all AFDC cases in non-KASES counties will continue to receive DEFRA payment information from CSS by PT-06 and PTR-02 until non-KASES counties are converted to KASES.

Cases which were transferred to a non-KASES county from a KASES county will continue to receive DEFRA payment information by PT-06 and/or RMDS.

JEFFERSON COUNTY DCSE AND CONTRACTING OFFICIAL STAFF ARE TO SAVE AND FILE THIS MEMO FOR FUTURE REFERENCE.
